2016 COLLECTION

BAGNODESIGN

CREATIVE BATHROOM SOLUTIONS

The BAGNODESIGN Collection represent style, beauty and cutting-edge functionality. The extensive product range varies from contemporary to traditional and everything in between, covering all product categories relating to the bathroom. To complement each other, BAGNODESIGN has created product families with matching sanitaryware, mixers, showers, accessories and furniture - offering new ideas for bathroom inspiration.

With offices worldwide, this boutique bathroom brand works closely with designes, developers and installer to deliver quality end solutions. The company has over 2,500 products in its impressive and diverse portfolio. Product is primarily focussed around the UK and Italy, where design authenticity is a must.

Ensuring that all products designed and manufactured meet the latest European quality standards, customers can be confident that when they purchase a product from BAGNODESIGN, they are getting a superior,value for money item which will stand the test of time. BAGNODESIGN supplies residential, hospitality and commercial contracts, as well as having a contemporary luxury retail offering.

BAGNODESIGN showcases its boutique brand throught a variaty of designer showrooms located araound the world, serving as inspirational hubs for unique and creative bathrroms. The complete BAGNODESIGN range can be viewed at our flagship showroom in Dubai as well as at our A&D Centre in London ang Hong Kong, and in other major cities across Europe, Middle Eact and Central Asia.

The various marbles used have been chosen for their strong concentration of fossils and as they are a purely natural product, there will always be the presence of different variations of veins, colours and shades, as well as micro-cracks and small holes. This gives each piece the characteristic of being truly unique.

Basins on this page do not have tap holes.

Concealed Cisterns on Page 325

AQUAECO flushing solutions

- **More space:** Since concealed cisterns are built into the wall, they free up a considerable amount of bathroom space that would otherwise have been taken up by the cistern.
- **State-of-the-art technology and durability**: the AQUAECO range of concealed cisterns boasts high-tech working parts to ensure trouble-free operation. All cisterns are WRAS tested and approved.
- **Design freedom**: Homeowners and designers can pair their choice of actuator or flush plate and wall-hung or floor-standing toilet pan to perfectly complement their bathroom's particular style and design.
- **Easy to clean and hygienic**: Concealed cisterns and wall-hung WC pans provide the ideal easy-to-clean and optimum hygiene solution – no obstacles to clean around or cisterns to clean under.
- **Good for the environment**: All AQUAECO cisterns contain a dual-flush mechanism, helping to reduce running costs by saving water – using as little as two litres of water for a half flush.
- **Noise reduction:** Since the cistern is built into the wall, any noise created by the process of flushing is significantly reduced, making this an ideal solution for en-suite bathrooms. This is also a key in any hospitality requirement.
- **Strength**: All AQUAECO cistern frames are designed and built to support up to 400 kg in weight.
- **Warranty**: All AQUAECO cisterns come with an impressive 10 year warranty.
